To place an order:

1. select unit of measure, color and quantity
2. select either "Buy item" (to purchase) or "Sample" (for a free sample)
3. Click red "Add to Cart" button to add your selected items to the shopping cart
4. View [Cart](#) (top right) when ready to place your order and checkout.

Note: After selecting items, you must click the red "Add to Cart" button for your items to be added to your shopping cart.

Conductive Caps / Plugs - DP SERIES

DP Series Conductive Caps are designed to dissipate electrostatic charges, and provide mechanical protection and electrical shielding for ITT Cannon style connectors commonly used in aerospace and military applications. All static dissipative parts meet the static decay requirements of ML-PRF-81705D and surface resistivity is less than 1×10^{12} ohms/sq. All conductive parts meet the static decay requirements of ML-PRF-81705D and surface resistivity is less than 1×10^5 ohms/sq.

Material: Conductive Polyethylene Copolymer (EVA)
 Color: Black

X-ON Electronics

Largest Supplier of Electrical and Electronic Components
