Do not dispose of this device to a garbage bin with other unsorted waste! In accordance with the Waste Electrical and Electronic Equipment Act any household electro-waste can be turned in free of charge and in any quantity to a collection point established for this purpose, as well as to the store in the event of purchasing new equipment (as per the old for new rule, regardless of brand). Electro-waste thrown in the garbage bin or abandoned in the bosom of nature pose a threat to the environment and human health.

Purpose

SEP-03 is used for galvanic isolation devices connected via a USB cable. Provides surge protection devices HOST, eg. PC from external devices that are connected directly to the power grids, industrial power supply systems or high-voltage measurement. If you connect an external power amplifier is used as the transmitted signal and increases the efficiency of current up to 1A for the connected devices.
