

# LEB Connector

1.8mm pitch / Board-Board and Wire-Board Crimp Disconnectable

Designed for LED light bar applications, the low profile of the connector does not interfere with the *luminescence angle of LED dies*. The LEB Series provides both board-to-board and wire-to-board capabilities. The board-to-board plug and receptacle connectors allows continuous connection of LED light bars

## Features

- Absorption misalignment mechanism
- Prevention of mismatching.
- Common PCB layout for both plug and receptacle connectors.
- Both board-to board and wire-to-board interconnection capability.
- Meets the requirement of JIS C 8121-2-2-2009 and IEC 60838-2-2-2006 for Miscellaneous lamp holders -Part 2-2: Particular requirements- Connectors for printed circuit board based LED-modules.
