

EURO CONVERTER PLUG (ECP):

The Euro Converter plug (ECP) is an adaptor which converts 2.5A CEE7 (XVI) Europlugs to the BS1363 system format. With its hinged lid, secured with a screw, external fuse access and no loose parts, it is ideal for manufacturers who want to produce one version of their product and then convert certain models for the UK market and other BS1363 markets.

Available with either standard or tamper resistant screw.
