

**Side cutting pliers, 2101G** ergo®

Side cutting plier with progressive edges designed to cut hard material such as piano wire close to the joint and to cut softer material as copper wire and plastic insulated wire at the tip.

ISO: 5749 DIN: 5749

**Finish:** Black oxidised, anti-corrosion treated.

**Material:** Chrome-Vanadium. With Ergo handles in two-material combination. Thermoplastic surface on tough polypropylene which gives a superior grip.

**Shape:** An "open" joint, in which the distance from the joint centre to the cutting edges is reduced, results in greater leverage and increased cutting capacity. Progressive cutting edge which cuts hard material near the joint and soft materials at the tip. Round shaped jaws give improved accessibility in confined spaces. Equipped with a return spring featuring an on/off function.

**Cutting capacity:** Piano wire.

**IP** = Industrial Pack
