

Part Number : 3230

Material and Technical Notes

Body: stainless steel 1.4305, brass, or Delrin blue. Ball: stainless steel, hardened or Delrin white (POM). Spring: stainless steel.

Used for locating, applying pressure or lifting off. Spring loads * = statistical average values.

These are press fit spring plungers. Typical hole tolerance is J6, but this varies with type of material so a trial hole is recommended.
