# MINI MAGLITE® LED FLASHLIGHT

## "Small, Simple, But Scorchingly bright"

POWERED BY 2 "AAA" ALKALINE BATTERIES

Introducing the **all-new MINI MAGLITE® AAA LED** Flashlight. The heir to the original Mini Maglite® 2AAA flashlight launched 25 years ago, this newest member of the family features the same classic look and size and the same simple operation – just twist the head to turn it on, turn it off and focus the beam.

**ULTRA  
BRIGHT  
84  
LUMENS**

But thanks to a latest-generation LED light engine, it produces a beam whose intensity is nothing short of amazing – from a pocket-clippable flashlight that's not much bigger than a penlight.
