

## KNIPEX X-CUT

Compact Diagonal Cutters, high lever transmission

**Compact and light.**

**Powerful and precise.**

73 02 160

73 05 160

73 06 160

Cuts finest strands as well as multi-core cables and piano wires.

- box-joint design
- doubly supported joint axis for heaviest duty
- high cutting capacity with very little effort thanks to the optimum coordination of cutting-edge angle and leverage ratio with laterally staggered pivot point
- 20 % less effort required compared to high-leverage diagonal cutters of the same length
- large opening width for thicker cables
- cuts precisely, even through fine copper wires
- compact, low-weight construction
- universally usable, in the assembly, maintenance and production
- chrome vanadium heavy-duty steel, forged, oil-hardened

20 % less effort required compared to high-leverage diagonal cutters of the same length. With double mounted hinged joint.
