

Product Data Sheet - G030G

888 448

General

Description:
Manufacturer:
Part No.:

Status:
Product Type:
Country Variant:

Replaces:
Replaced By:

Date:

Product Notes:

Patch leads
 A set of 6 coloured mono patch leads, blue, red, white, black, green and yellow
 Terminated in moulded on right-angled 6.35mm jack plug connectors.

Technical Specification:

Patch leads with jack plugs connections
 Cable diameter: 3.8mm
 Cable length: 300mm
 6.35mm jack plugs: width: 46.3mm length:37.6mm depth:11.46mm
 Individual lead weight: 25g
 Frequency range: 20Hz to 20kHz
 Characteristic impedance: 131.63 ohm/km
 Strand /conductor: 12 x 0.12
 Cross sectional area: 0.135mmsq
 Lead insulation material: PE810
 Temperature range: 300V at 60°C
 Voltage rating: 150V
 Fax ref:JP53

Physical

Accs included:
