887 -729

## General

Description:

Date:

Manufacturer:

Part No.:

Status:

Product Type:

Country Variant

Replaces:

Replaced By:

### Product Notes:

Patch leads  
 A set of 6 coloured mono patch leads, blue, red, white, black, green and yellow  
 Terminated in moulded on right-angled 6.35mm jack plug connectors.

### Technical Specification:

Patch leads with jack plugs connections  
 Cable diameter: 3.8mm  
 Cable length: 600mm  
 6.35mm jack plugs: length: 46.3mm width:37.6mm depth:11.46mm  
 Individual lead weight: 40g  
 Frequency range: 20Hz to 20kHz  
 Characteristic impedance: 131.63 ohm/km  
 Strand /conductor: 12 x 0.12  
 Cross sectional area: 0.1357mmsq  
 Lead insulation material: PE810  
 Temperature range: 300V at 60°C  
 Voltage rating: 150V  
 Fax ref: JP53

## Physical

Accs included:

Dimensions W:  mm H:  mm D:  mm Dia:  mm

Weight:  kg

## Power

Supply Voltage:

Internal Fuse:

SupplyType:

Consumption:

Plug Type:

Battery Type:

Plug Fuse:

No. of Batteries:

## **X-ON Electronics**
