

### Handle for flat files Pack of 10 loose handles, 9-485...10 **ergo**<sup>®</sup>

Ergonomically designed, two component plastic handle with a hard, polypropylene core and a layer of thermoplastic elastomer to provide a soft, textured surface for an excellent grip. The shaped end on the ERGO handle 9-485 has been designed for files of rectangular shape (flat, hand, etc.) and for half round files. The end covers the tang and shoulder completely for a safe and comfortable grip.

For correct handle selection please refer to Handle selection chart.
