Product Information • Relays and Optocouplers

Single & Multi-Channel Relays
Optocouplers
Solenoid Drivers
Ideal PLC I/O

Weidmuller's single and multi-channel, mechanical and solid-state relays provide simple, compact solutions to your digital PLC/IO applications.

- ECO30, MC5R and RSM1 Single Channel Relays
- Solenoid Driver and MC50 Single Channel Solid-State Relays
- RSM Series Minature Mutichannel Relays
- RSM Series Multichannel Relays

ECO30 - Low Cost, Single Channel Normally Open Relay

Features

- Low Cost
- 24Vac/dc Input voltage
- 8A/240Vac rated outputs
- Compact 11.5mm wide housing
- Dual DIN rail mount
- 4000Vrms isolation
- LED Diode state indication
- Coil back-EMF diode protection

Installation

General

Warning: to be installed/maintained by qualified personnel as per instructions, or module safety may be compromised.

Design for IEC664 Installation Category II use.

Cleaning
Wipe only with a damp cloth (remove power before cleaning).

To be installed in a metal enclosure.

ECO 30: 24 VAC/DC N/O

7940005581

Flexible

MC5R - Single Channel Change-Over Relay

Features

- Ultra compact 6mm wide housing
- Change-over contact
- 6A/240Vac rated
- Combifoot housing: TS32 & TS35
- 4000Vrms isolation
- LED relay state indication
- Input diode protection
- Coil back-EMF diode protection

RSM1 - High Voltage DC Relay 150Vdc

Features

- High Voltage DC switching: 150Vdc
- Up to 10A switching
- N/O, Dual N/O and Dual C/O versions
- Magnetically assisted arc suppression
- Combifoot housing: TS32 & TS35
- 2200V isolation

- Plug-in replaceable relay
- Double input 0V terminals for increased reliability
- LED relay state indication
- Input diode protection
- Coil back-EMF diode protection

Installation

General

Warning: to be installed/maintained by qualified personnel as per instructions, or module safety may be compromised.

Design for IEC664 Installation Category II use.

Cleaning

Wipe only with a damp cloth (remove power before cleaning).

MC50 Dual Voltage

Features

- Dual Input Voltage Solid State Relay
- Ultra compact 6mm wide 'Combifoot' housing suits TS32 & TS35
- 4000Vrms isolation
- LED relay state indication
- Input diode protection

RMS - 4 Channel Minature Relay

Features

- 4 Channel
- Common inputs for reduced wiring
- Compact 40mm width (10mm per ch.)
- Gold overlay normally open contact
- 0.1mA to 4A 240Vac (Resistive)
- Combifoot housing: TS32 & TS35
- Plug-in relays
- 4000Vrms isolation
- LED Relay state indication
- Reverse polarity diode protection
- Coil back-EMF diode protection

Installation

RSM - 8 Channel Relay

Features

- 8 Channel
- Common inputs for reduced wiring
- •6A, 240Vac / 30Vdc (resistive)
- Combifoot housing: TS32 & TS35
- Plug-in or soldered relays
- 4000V isolation
- LED Relay state indication
- Reverse polarity diode protection
- Coil back-EMF diode protection

- 8 Channel
- Ribbon interface for reduced wiring
- 6A, 240Vac / 30Vdc (resistive)
- Combifoot housing: TS32 & TS35
- Plug-in or soldered relays
- 4000V isolation
- LED Relay state indication
- Reverse polarity diode protection
- Coil back-EMF diode protection

Installation

General

Warning: to be installed/maintained by qualified personnel as per instructions, or module safety may be compromised.

Design for IEC664 Installation Category II use. **Cleaning**

Wipe only with a damp cloth (remove power before cleaning). Location

To be installed in a metal enclosure.
