

# SlipWay™ Cable Tape

- One of the fastest and most cost-effective ways to keep your cables clean, visible and protected.
- Fabricated from a unique laminated combination of cloth tape and puncture resistant film, Slipway is completely adhesive free on the centre, leaving adhesive only on each edge.
- Available printed black on yellow with the word 'Caution' in three languages or in matt black for 'on-stage' applications.
- The adhesive is designed to hold on most clean dry surfaces and still peel clean, however please test first as some surfaces may cause adhesive transfer.

Colour	Dimensions		Mftrs. List No.	Order Code
	Width	Length		
Yellow	145mm	30m	SW14530Y	167-6646
Black	145mm	30m	SW14530PBK	167-6648
