

# Low Profile Box Header

## Series 8380

Low profile box headers are available in industry standard sizes of 10-64 positions. They mate to Elco Series 8290 IDC sockets, as well as other industry compatible connectors. Both straight and right angle solder dip pins for PC boards are available together with straight press-fit versions. The connector is shrouded on all four sides for polarization and contact protection. Polarizing keys are molded in for correct socket alignment with contact loss.
