Description

A turned brass single nut fixing panel socket available in nickel or gold plated finish. A choice of red or black insulator is useful for identification purposes.

- single nut fixing makes these adaptable sockets suitable for stacking adjacent to one another.

- thermoplastic insulated.

- maximum panel thickness 3mm.

mounting hole 7,2mm diameter.
a panel isolating kit is also available.

- a panel isolating kit is also available (comprising of a plain and stepped washer).
