

Embla RA - New Ergonomic Stripping Tool Provides Comfort and Flexibility

Pressmaster AB, designer and manufacturer of premium quality hand crimping and stripping tools, announces its release of the new Right Angle Self-Adjusting Cut and Strip tool, **EMBLA RA**.

As an extension to our highly successful cut and strip tool, EMBLA, the **EMBLA RA** offers a right angle ergonomic solution to installers, and adds more flexibility of use in workbench applications.

- Self-adjusting feature is designed to accept a wide range of wire cross sections, the widest stripping capacity of any stripping tool of its type.
- Pistol grip provides stress free comfort, particularly when operating parallel to a table or workbench.
- Interchangeable stripping cassettes enable precision stripping of a wide range of insulation types from PVC to PTFE.
- Ergonomic, lightweight, and compact design to meet the needs of professionals in both high volume production and portable/field applications.
- Frame and mechanism have a life span exceeding 150,000 cycles (tested with 1.5 mm² PVC), and offer comfortable, durable, stress-free operation.
