## RAACOSTAT

167-4892

167-4896

167-4893

RAACOSTAT is a range of products that provide 100% protection against static electricity, ensuring efficient, antistatic protection for sensitive equipment.

- Products constructed of special plastic containing carbon fibres, making the product permanently anti-static, which will not diminish over time or through intensive use.
- All stationary products are supplied with earth leads
- Fulfils all EN 61340-5-1 standards
- Surface resistance : 10 (4) -10 ohms
