

Corstat Chip Boxes

For shipping sensitive electronic IC's

Corstat Chip Boxes

Manufactured from Corstat conductive corrugated fibreboard, our chip boxes provide an ESD safe and cost effective method of shipping chips and small electronic devices.

They can be provided with soft antistatic foam or high density pin stick grade conductive foam to suit your specific requirement.

Available from stock for next day delivery.

If you have a requirement not catered for within the stock size range, please contact us as specials orders can be made to any size.

All dimensions are in mm unless otherwise stated

Corstat Chip Boxes

For shipping sensitive electronic IC's
