

## Premium Cat.5e STP Patch Cables

Click on image  
to enlarge

The premium range of Cat.5e shielded patch leads are manufactured on high quality UK made stranded cable and terminated with AMP shielded plugs. We stock the cables in a limited number of lengths, however, specialist custom made requirements can be manufactured upon request.

### Features:

- High quality components used in manufacture:
- Connectors: AMP 50 micron shielded RJ45 plugs
- Cable: DRAKA BASEC approved shielded stranded cable
- Available in beige & fully tested
- Certified to 100 MHz - suitable for data, voice & ISDN systems
- Custom made lengths supplied on quick lead times

**3962-1**
