Safety-Coated Amber Glass Bottles

Features:

- Glass bottles are safety-coated in plastisol, providing improved handling, filling and transporting of liquids and chemicals
- Safety-coating provides increased resistance to impact/fall damage and provides improved slip-resistant grip (compared with uncoated bottles)
- Coating improves containment of bottle contents and damaged glass if the bottle is dropped and/or damaged - reduces risk of injury and allows time for proper cleaning and disposal
- Translucent amber glass protects light sensitive liquids and allows for easy viewing of contents
- Stores fluids that are not compatible with plastic bottles

Pure-Take Pump:

- Locking Pump will not leak when engaged - suitable for travel
- Patented purity protector stops fluid from reentering the bottle
- Patented one handed operation frees operator's hands
- Precision machined valves for smooth consistent operation
- No silicone or latex - perfect for ultra clean environments
- Dispenses approximately 0.2cc of liquid with each pump
- Cam-lock hinge keeps lid open and closed, reduces odors

Safety Coating Material	Plastisol
Stem Material	PFA (3.03")
Bottle Material	Amber Glass (4 oz)
Bottle Size	4 oz (120 mL)
Pump Material	Stainless-Steel
Neck Size / Thread	38-400

Specifications and procedures subject to change without notice. *Unless otherwise noted, tolerance is ±10%.*
