Product Catalogue

World class innovation...

Bostik is one of the world's leading providers of adhesive and sealant solutions. Our relentless pursuit of excellence lies at the heart of everything we do and ensures that the products we produce are of the highest specification. We've built our reputation on providing first class support to all of our customers and it is these combined commitments to innovation and service that continue to drive our business forward.

...through R&D

More than 400 chemists and technicians working in 10 regional centres of applied technology and technical services ensure the development of new products in line with market requirements.

...with brands you can trust

Bostik brands and products are household names and trusted by millions of DIY and professional users around the world. Our brands are instantly recognisable, and are relied upon every day to consistently deliver superior performance and high quality results.

- Adhesives and sealants for consumer, professional and industrial applications.
- High quality adhesives and sealants for DIY and trade use.
- The number one supplier of cement additives and flooring screeds to the building industry.

...ensuring our commitment to excellence

All our sites are quality approved to **ISO 9001:2000** standard, which we use as a benchmark for ongoing improvement in all areas. Our commitment to excellence also extends to ensuring that we play our part in helping minimise environmental impact. We are fully certified to **ISO 14001** and are a prominent supporter of environmental initiatives at our UK sites. As a company we throw our weight behind a variety of local community projects, the prevention of pollution and maintaining the highest practicable standards in Environmental Control.
