

Wonder GEL

Raytech

For avant-garde professionals

Characteristics

- Single component gel which comes already cross-linked in a cartridge
- No mixing, no waiting time
- Visco-elastic gel which is extremely fluid
- Self-leveling and self-vulcanizing
- Can be applied using standard silicone ratchets
- Easy to measure
- Does not expire and does not harden
- Easy to apply even to inaccessible areas
- Characteristics do not deteriorate with the passing of time
- Re-enterrable
- Non-toxic and safe
- Can be applied in all weather conditions, even when raining or in the heat of the summer sun
- Can be applied to powered appliances
- Dielectric strength > 23 kV/mm
- Volume resistivity > 2.10¹⁵ Ω cm
- Operating temperature from - 60 to + 200°C
- Overload temperature for brief periods: 250°C
- *Protection degree IP68 in proper casings

Wonder GEL

PATENT PENDING

Single component insulation gel

From the revolutionary universe of Raytech
Just the innovation that the electrical market
has been waiting for!

New

You can't live without it!

IP68*

Convenient, Easy, Quick!

FOR ELECTRICAL USE

Raytech
Leader in Quality

WONDERGEL

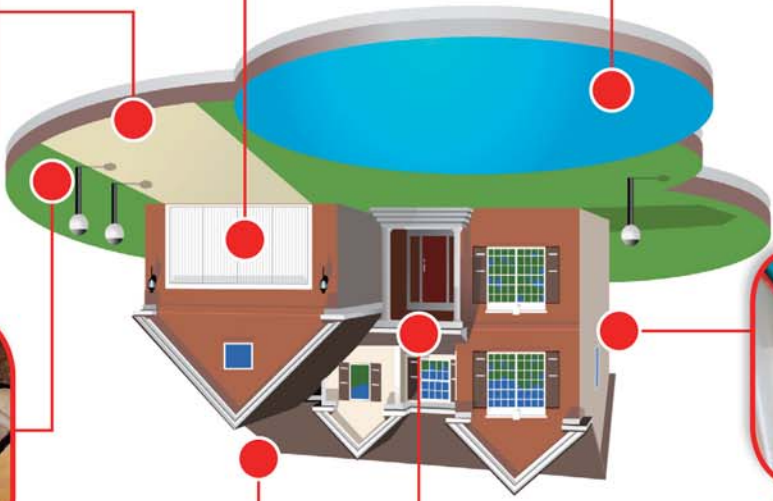

Ray Tech

Single component insulation gel cartridge to instantly protect new installations and oversee maintenance of all types of electrical connections. **Ready to use!** **Already cross-linked! No mixing required!** **No need to wait!**

-  RESOLVES ISSUES CONNECTED TO INCORRECT INSULATION OR SEALING
-  ELIMINATES ANNOYING OUT OF SERVICE INSTANCES CAUSED BY MOISTURE
-  PROTECT YOUR SYSTEMS FROM THE PENETRATION OF INSECTS
-  PROTECT YOUR ELECTRICAL CONNECTIONS FROM OXIDATION AND CORROSION

Always at your fingertips!

AN INSTALLER'S BEST FRIEND
WONDERGEL
 Electrical connections within empty enclosed voids are exposed to the risk of short circuit, oxidation and corrosion, at times, resulting in irreparable damage. Remove stress and no waiting around, **Wondergel** makes your job easier, guaranteeing the protection and safety of systems compliant with professional practice standards to provide the highest quality solution that is quick and perfect to guarantee the satisfaction of both you and your clients.

Time and space-saver
 EASY TO APPLY EVEN IN AREAS WHICH ARE DIFFICULT TO ACCESS!

WHY SELECT WONDERGEL IN A CARTRIDGE FORMAT?

- Always ready to use and at your fingertips
- Can be used with standard guns
- IT IS measurable
- No waste
- Complete with nozzle
- Extremely rapid to use even in difficult positions
- Compact

WHAT DOES WONDERGEL GUARANTEE?

- Maximum insulation and sealing
- Effective and stable adhesion with the passing of time
- High resistance to water pressure
- Degree of protection IP68 when dispensed in suitable casings

WHAT IS WONDERGEL?

- A single component gel
- Extremely sticky
- Stays soft with time
- Never dries
- Non-toxic and safe
- No shelf life
