Installing the batteries

Your Rocket Bank runs on 4 "AA" batteries.

1. Use a Phillips screwdriver to loosen the screw of the cover on the bottom of the Rocket Bank.

2. Insert 4 x "AA" batteries into the battery compartment as indicated by the polarity symbols (+ and -) marked inside.

3. Replace the cover and secure it with the screw.

Note:

- When the Rocket bank stops operating properly, the display becomes dim, or the sound becomes weak, replace the batteries in battery compartment marked with CLOCK.
- When the rocket doesn't move, replace batteries in battery compartment marked with MOTOR.
