Product Details

Features

21-position clutch setting with auto shut-off

44 inch-pounds of torque

2-speed gearbox: 200/600 RPM

Specifications

Voltage	4V
Length	9.6"
Weight	0.85 lb
Peak Torque	44 in-lbs
Tool Warranty	5 Years
Speed	0-200 and 0-600 RPM
Drive Size	1/4" Hex

Overview

Featuring 44 in-lbs of peak torque and a 21-position clutch with auto shut-off, the new screwdriver offers improved torque control during repetitive applications. Two speeds, 200 and 600 RPM, offer further user control for precision work.

At only 244 millimeters in length and under one pound, the M4™ Screwdriver is easy to use with one hand, featuring

¼” quick-change chuck for one-handed bit changes.

Drilling more than 200 holes per charge, the M4™ Screwdriver is the first tool to feature Milwaukee’s RED LITHIUM™ 2.0 battery on the new M4™ platform, offering up to 50% more runtime. Milwaukee remains committed to offering innovative solutions in power, productivity, and portability.
