

## 120mm Fan Filter Media, 30ppi SC120-M30/5

This fan filter media for 120mm cabinet cooling fans comes in a pack of five, constructed of quality polyurethane fibers. This 120mm fan filter media has 30ppi (pores per inch) and helps prevent dust from accumulating. As dust builds up, the fan can fail and cause your cabinet to overheat, leading to harmful system electronics and appliance damage. With fan filter media from GardTec, your cabinet fan will work properly and resist heat. Consider purchasing in bulk to receive a special discount from GardTec. See more fan filter media in our <u>cabinet cooling fan kits</u> to find the perfect media for your cabinet protection.

Media: Polyurethane Foam UL94HF-1

30PPI
