

## 150W AC-DC Desktop Power Supplies

-  FR4 PCB
-  100% ATE Tested
-  High Reliability
-  Built in OVP, OCP & SCP
-  100% smart burn-in test for 4 hours
-  Level VI Efficiency Regulations Compliant
-  Universal Input 90~260V AC 47~63Hz

### DIMENSIONS

### SPECIFICATIONS

|                          |                       |   |
|--------------------------|-----------------------|---|
| Input                    | Input Range           | 100~240VAC (Full Range), 50/60Hz                        |
|                          | Input Current (RMS)   | 2.5A@90VAC<br>1.2A@264VAC                               |
| Output                   | Voltage Range         | 12~50VDC  |
|                          | Voltage Regulation    | +/- 5% At Constant Voltage Mode                         |
|                          | Current Range         | 0.01~10A  |
|                          | Max Power             | 150W  |
| Energy Saving            |                       | NRCAN, DOE, ERP, GEMS, Efficiency Level VI              |
| Environmental Protection |                       | RoHS, REACH, PAHS                                       |
| Environmental            | Operating Temperature | 0°C ~45°C Ambient                                       |
|                          | Storage Temperature   | -20°C ~+80°C  |
|                          | Operating Humidity    | 10~90% (Non-condensing)                                 |
|                          | Relative Humidity     | 5~95% (Non-condensing)                                  |
|                          | MTBF                  | >25,000 hours at 80% load and 25°C ambient temperature  |
| Approvals                |                       | cETLus, TUV-GS, RCM (C-Tick), CB, FCC, CE, RoHS & REACH |
