

Heavy Duty Keyboard Stand  
Model #555-13830

**Overview:**

Heavy-duty keyboard stand is designed to support most 88-key keyboards, and features adjustable height and width.

- Provides ample floor space for pedals
- 1¼" square tube construction
- Adjustable height: 23" ~ 35¼"
- Adjustable width: 24½" ~ 40"

**Instructions:**

1. Empty contents of box.
2. Take one each of the screws and the metal plates provided in the plastic bag. Take the screw and insert it in the hole in the metal plate.
3. Take the screw and plate and insert the end of the screw through the hole on the left side of the stand base with the perforated holes facing toward you.
4. Take the connecting bar unit and begin threading it onto the screw and tightening it using the provided allen key. The bar should have the two protruding knobs angled slightly towards you.
5. Take one each of the screws and the metal plates provided in the plastic bag. Take the screw and insert it in the hole in the metal plate.
6. Take the screw and plate and insert the end of the screw through the hole on the right side of the stand base with the perforated holes facing toward you.
7. Use the allen key to tighten the screw onto the connecting bar.
8. Adjust the length of the connecting bar to desired length loosening the two knobs on the bar and pulling it apart.
9. Adjust the height of the stand but pushing in the protruding metal button towards the bottom of the stand and sliding it up to the hole that will yield the desired height.

**Warranty:**

MCM Custom Audio and Stellar Labs products are warranted, by MCM Electronics, against manufacturer defects for a period of two years from the original date of purchase. This warranty is limited to manufacturer defects, in either materials or workmanship. MCM Electronics, or any other worldwide divisions of Premier Farnell PLC, are not responsible for any consequential or inconsequential damage to any other component, structure or the cost of installation or removal of said items.
