

USB Audio Interface

MPN: 555-17815

USB Audio Interface

Ideal for mixing, converting and recording, this handy interface is great when using a laptop or PC as a sound source on a professional sound system. It is also perfect for recording from the output of a mixing console to the laptop or PC. Fully USB powered, this device is compatible with Win 98/ME/2000/XP or Mac 9.0.4, 10.x or later. No additional drivers required.

Features:

- Stereo audio inputs: Balanced line level, female XLR
- Stereo audio outputs: Balanced line level, male XLR
- Overall lead length: 3m (118")
- No external power source or software is required
