 Neon Yellow - NY  
\*Available in 1" width only

- Patented...one end permanently attaches to the cable...the other end has a pull tab to unfasten the Rip-Tie with one hand.
- Durable, made of the best quality hook and loop touch fastener...tested for 10,000 closures with no loss of holding strength.
- Used in many industries and by home users, wherever it is important to secure cables, keep them organized, and eliminate cable safety hazards.
- 11 sizes, 14 colors, plus the Rainbow Pack...all ten colors of the EIA Code in one package.
- Reusable and permanently attached. You can stop throwing cut plastic tie away.

## 2" CableWrap

The 2" wide Rip-Tie CableWrap has two grommetted holes and a flap to cover the heads of the 50 Lbs. ties that hold the wrap on to the cable.

The brass spur grommets keep the hook & loop from tearing.

The flap protects the users hands from cuts and nicks.

# CableCatch

## Heavy Duty Strap 10,000 Refastenings

- Anchor cords, cables and wires neatly along surfaces and out of the way.
- Acrylic pressure sensitive adhesive securely attaches to equipment racks, desks, or walls.
- Peel-away backing makes the CableCatch easy to install.
- CableCatch allows the user to change or move cables easily by pulling the tab - only one hand is needed.

### 2" CableCatch

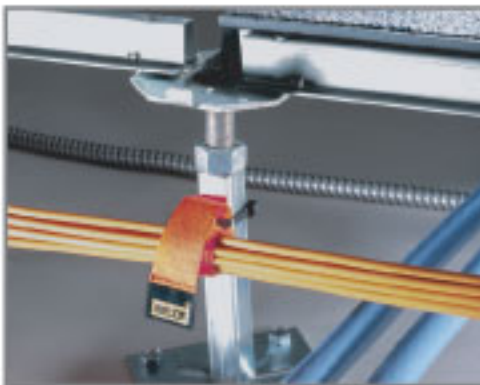

New 2" X 5" and 2" X 9" CableCatch gives you the option to organize heavy duty cable runs on any smooth flat surface.

Made of the best quality hook and loop material and sewn - never glued or heat welded - to insure the CableCatch will hold up to years of use.

# CableHanger

## Heavy Duty Strap 10,000 Refastenings

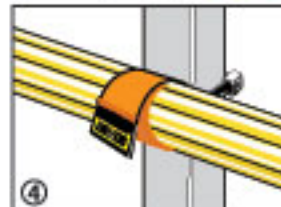

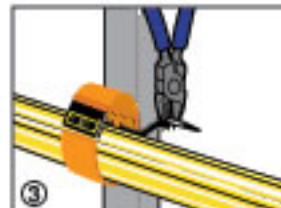

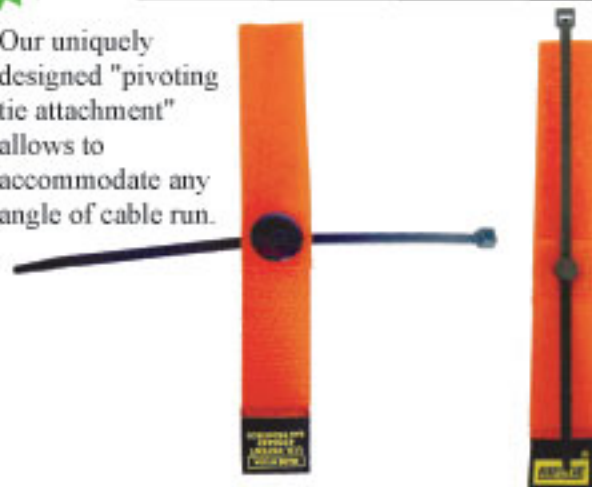

- CableHangers are easily released and retied, so adding, subtracting and replacing cables is a snap.
- Attaches permanently to a vertical post and then wraps around the cable bundle. Keeps grouped runs segregated from each other.
- Perfect for use in computer room subfloors.

**NEW**

### PIVOTING CableHanger

Our uniquely designed "pivoting tie attachment" allows to accommodate any angle of cable run.

- Heavy duty utility strap with extra strength and holding power that exemplifies our exacting standards for the best quality.
- Non-metallic - can be used safely around electrical equipment without causing short circuits, and around computers without demagnetizing disks.
- We use the highest quality hook and loop and double stitch, never glue or heat weld - to insure the CinchStrap will stand up to years of daily use.
- Customized versions available for equipment strapping applications. (Minimum 100 pcs)  
Call us at (800) 348-7600.

## 2" CinchStrap

There are thousands of possible applications for industrial and home use.

- Many recreational uses like boating, camping, soccer nets, backstops and cycling.
- Use on suitcases and boxes when travelling - both as a closure and as a unique ID.
- Earthquake safety strapping for computer equipment.
- Use in the garden - around hoses and on tools.

## RACK MANAGEMENT

- A professional quality strap for taking the stress off connectors and managing cable bundles on and inside wiring racks, mobile carts, along walls, over doorways and in wiring closets.
- Attach to any rack or surface. Use any fastener up to 1/4" diameter for mounting.
- Can be oriented in any direction.
- Rip-Tie pull tab makes for an easy grip to fasten and unfasten the strap.
- Professionals like the quality, durability and value that this strap brings to rack management.
- One of our top sellers.

The Rip-Tie CableCarrier attaches to a belt loop or tool belt for easy access to extra cables: power cords, speaker, microphone or lighting cables.

It can also be used as a temporary hanger for cable runs during events, construction or installations.

- Rip-Tie RipWrap can be used to bundle low voltage cables INSTEAD of nylon wire ties or tape.
- Perfect for Home Theatre, Security or Telecomm applications.
- Many manufacturers are recommending "soft-hold" hook and loop ties for use with sensitive data cables.
- Very inexpensive and weather resistant, it can also be used in nurseries, vineyards, tree farms, florists, and for gardening.
- Both continuous and perforated rolls are available.
- Polyester construction makes this wrap ideal for marine and outdoor installations.

2" overlap yields 3.0 psi shear strength

YOUR LOGO HERE

You can get custom logo printing on the loop side of the Rip-Wrap.

## RACK MANAGEMENT with RipWrap

Do you use Gaffer tape?

Try RipWrap instead. Compare prices then divide by the 20 reuses of RipWrap. It is a much greater value and there is no adhesive residue left on your cables.

**RIP-TIE**

Call 800-348-7600

sales@riptie.com www.riptie.com

- You can order Rip-Tie RipWrap by case quantities.
- Each roll is not individually packed, so no extra packaging cost to you.
- Easy distribution to installation crews.
- No individual packaging means less plastic waste into the environment.

For specific quantities of pieces per roll and rolls per case, please visit [www.riptie.com](http://www.riptie.com) or call 800-348-7600.

Unitag cable identification labels were developed to provide a quick, easy method of clearly labeling virtually any type or size cable or groups of cables.

Unitag cable labels are easy to read. They can be oriented to be easily read in hard to reach areas, behind computer desks and crowded wiring closets. The marking surface can be rotated 360° for easy viewing.

Unitag labels are easily installed. They are interchangeable and reusable. A marking pen can be used directly on the surface or a label machine can be used.

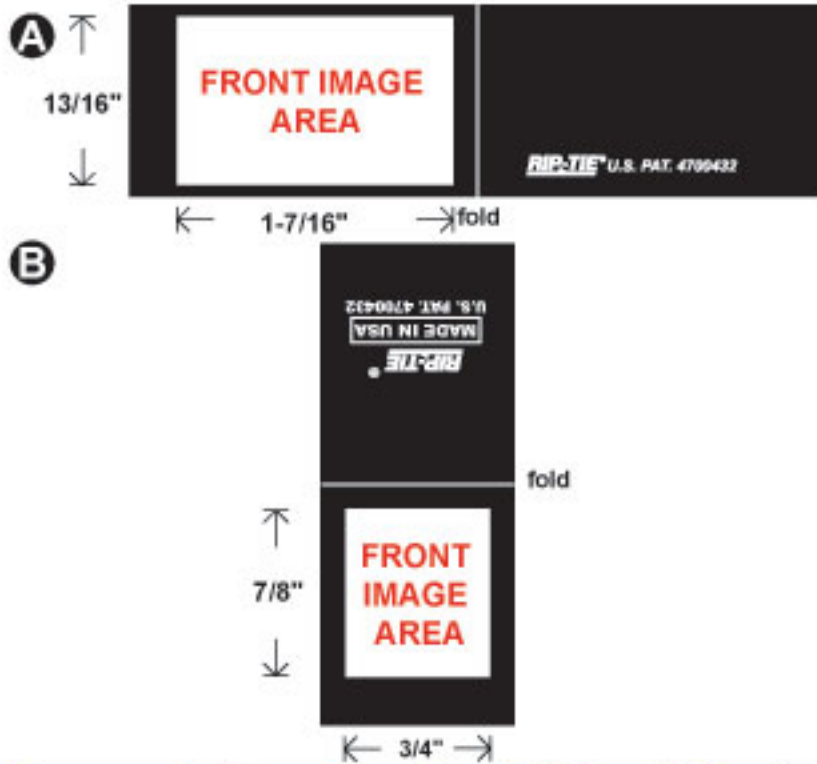

- Quick & easy installation on any cable
- Clearly identifies cables
- Saves time when troubleshooting networks
- UL 94V-2 Fire Retardant

# Rip-Tie Custom Logo Program
