

977/6 TORX® Screwdriver set Krafftform Wera: Chiseldriver  
and rack, 6 pieces  
Screwdriver set Krafftform Chiseldriver

EAN	4013288094803	Dimension:	285x210x55 mm
Code:	05024410001	Weight:	1152 g
Article-No.		Country of origin:	CZ
		Customs tariff no.:	82054000

- Chiseldriver for fastening, chiselling and loosening
- For recessed TORX® screws
- Hexagonal blade extending through the handle
- Impact cap and bolster for the transfer of higher torque
- Storage rack for wall-mounting

Wera Chiseldriver set for fastening, chiselling and loosening seized recessed TORX® screws. Multi-component Krafftform handle for fast and low-fatigue working. A hexagon blade out of high quality bit material that extends right through the blade ensures full transfer of force, even when struck with a hammer. The ductile tempered material prevents the blade from splintering or breaking. Comes with an impact cap for durability and reduced risk of splintering. More torque can be transferred with the help of an open-end or ring spanner applied to the integrated hexagonal bolster. The Wera Black Point tip and a complex hardening process ensure a long service life of the tip, enhanced corrosion protection and an exact fit. The hexagonal anti-roll feature prevents any bothersome rolling away at the workplace and handle markings make for simplified finding and sorting of the tools. Includes a practical rack for tidy storage of the screwdrivers.
