SNAKE & ANYFORM

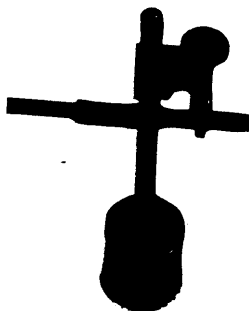

LINEAR magnetic base dial Indicator stands provide a comprehensive range of robust and economical tools for workshop and inspection use. Available with solid or fine adjustment cross arm. Overall height of MB-1 and MB-2 including base is 230mm. Upright arm is 12mm diameter with M8 x 1.25 thread. MB1 and MB-2 are supplied with the MB-B magnetic base. Plunger Indicators held by lug back or up to 3/8" dia. stem. Lever Indicators held by spigot.

The Snake magnetic base can be locked in any position by means of one lever. It provides clamping for plunger and lever indicators with spigots and stems between 1/8" and 1/2" diameter. The flexible arm is fitted with an MB-C which provides a pull of 80 kilos. The Anyform base is most useful on cylindrical or shaped components. The pins can be shaped to the component and then locked off and magnetised with the on/off switch.

Order Code	Product Description	Price £'s
MB - 1	Complete with magnetic base MB-B.	26.40 A
