

VER - 26473

### Description

This is a straight grounding cord, with either a 10mm male snap stud or 10mm female snap socket and two 4mm banana jacks in the molded head. The banana jacks provide grounding for two wrist straps. The other end of the grounding cord is terminated by a 5mm ring terminal, a 4mm plug or a 10mm socket. A common ground point or earth bonding point (EBP) ties together several elements of an EPA such as bench working surface, floor mat or wrist strap. In this manner, all are kept at the same electrical potential.

Note: Cord does not include a current limiting resistor.

### Specification

Conductor:	7 end tinsel wire
Cord length:	4m
Colour:	Black
Molded plug end pull force:	> 3kg

VER - 27100

Item	Description
VER-26473	EBP Cord, 4m, 10mm Stud, 2 x Banana Jacks, M5 Ring Terminal
VER-27100	EBP Cord, 4m, 10mm Socket, 2 x Banana Jacks, Banana Plug, Crocodile Clip, 10mm Term Socket

“Common ground point, grounded device or location where the conductors of two or more ESD control items are bonded”  
[EN 61340-5-1 Edition 1.0 2007-08 clause 3.1]

Unless otherwise noted, tolerance is ±10%  
Special manufactured items are not returnable for credit.
