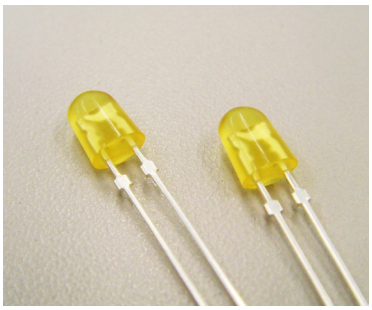
Cree® Screen Master® 5-mm Oval LED C5SMF-AJS/AJN



PRODUCT DESCRIPTION

The oval LED is specifically designed for variable-message signs and passenger-information signs.The oval-shaped radiation pattern and high luminous intensity ensure that these devices are excellent for wide-field-of -view outdoor applications where a wide viewing angle and readability in sunlight are essential.

These lamps are made with an advanced optical-grade epoxy that offers superior high-temperature and high-moisture-resistance performance in outdoor signal and sign applications. The encapsulation resin contains anti-UV material in order to reduce the effects of long-term exposure to direct sunlight.
