4. Precautions

- Do not turn on the unit immediately after moving it from a cold to a warm room. Condensation may damage the device.
- Damaged power cord must be immediately replaced by a qualified technician.
- Do not cover the ventilation holes.
- Never operate the unit with wet hands or when wires are wet as this could cause a short circuit or electric shock.
- Use the proper protective clothing.
- The unit should be kept out of reach of children.
- Do not use the dispenser for dispensing substances other than soldering.
- After finishing work, turn off the power and unplug the power cord.
- It is forbidden to make any construction modifications to the device. Unauthorised construction modifications will result in loss of warranty, and may also cause a malfunction or an accident.
- Worn electrical equipment can not be disposed of with other household waste. Worn electrical equipment must be stored in places designated for that.
