AC Inlet 161-0711-PQA-E

Aceptable Panel Thickness: .031~.059

Panel Cut-Out

Dimensions: mm (in.)

| SPECIFICATIONS | |
|---|--|
| Type: | snap-in AC inlet |
| Rating: | 15A / 250 VAC |
| Insulation resistance: | 100MΩ @ 500VDC |
| Dielectric strength(between terminals): | 2000VAC for 1 minute |
| Operating temperature: | -25°C to +85°C |
| Solder temperature: | Wave Soldering: Soldering Temperature 250±5°C, duration 3~5 sec. |
| | Manual Soldering: Soldering Temperature 380±5°C, duration 2~3 sec. |
| Resistance to Heat | Withstood a temperature of 100±2°C for 1 hour |
| Resistance to Solder Heat | Soldering temperature 260±5°C, duration 2~3 sec. |
| Housing: | Nylon 66, black |
| Terminal: | tin plated copper alloy |
| RoHS Compliant | |
