

Sta-Strap® Chassis/Panel Mount Ties – Heat Stabilized Weather Resistant Nylon 6.6

- Greater resistance to damage caused by ultraviolet light and for high temperature applications up to 212°F (100°C) – indoor or outdoor use
- Unique design allows tie to secure a bundle directly to a chassis or panel without the need for separate fasteners or mounting devices
- Releasable prior to final tensioning for bundle modifications
- Engages clearance hole with optional centering pilot to prevent tie from shifting or abrading in high vibration environments

Without Centering Pilot

Through-Panel Mount Installation in Three Easy Steps:

1) Insert tip of cable tie through the pre-drilled hole in the panel.

2) Wrap cable tie around the bundle and insert tip back through the hole and head of the cable tie.

3) Pull tip until cable tie is snug on bundle. Tension and cut off excess portion with installation tool.
