Trim Trio Interconnection System

SMS-QIKMATE Connectors

Description

The versatile SMS QIKMATE connectors offer economy to meet the constant demand for more cost-effective interconnection techniques. They are available as self mountable receptacles, plugs, boardmounts, P.C. pin headers and accessories.

Features and benefits

- Self mountable receptacle with positive housing retention.
- Error-free mating with positive connector polarization.
- Plugs with retaining latches for positive locking.
- Plugs with pin protection skirt to prevent damage of male contacts.
- Boardmounts available with stamped and formed or solid machined contacts.

Performance characteristics

Operating temperature	: -55 °C to +105 °C
Insulation resistance	: 5000 MΩmin.
Test potential	: 2000 VAC
Current rating boardmount	: 5 Amp
Contact resistance boardmount	: ≤ 6 mΩ
Durability	: 500 cycles

Construction

Plugs, receptacles, pin headers and accessories : Polyamide 6,6
 P.C. Board Receptacle : Glass-reinforced thermoplastic
 Contacts: High conductivity copper alloy
 Plating boardmounts:
 - No digit = std 0,4 μ Gold min over Nickel
 - J = Gold flash over Nickel
 - T = 3-5 μ Tin
 - S6 = 0,75 μ Gold min selective over Nickel
 - D70 = Gold flash over Nickel
 - TK6 = Tin alloy preplated

Contact accommodation

SMS QIKMATE Plug and receptacle connectors accept TRIM TRIO crimp type removable snap-lock contacts.

1. No. 16 machined contacts type RM / RC for wire sizes from 0,05 to 1,50 mm².
2. Type RMDX / RCDX contacts for subminiature coaxial and twisted pair wires.
3. No. 16 stripfeed contacts type SM / SC for wire sizes from 0,05 to 1,50 mm² or for wire size AWG 16, 20 and 24.

- Contacts to be ordered separately, see datasheet No 2-110, 2-111, 2-112, 2-113, 2-114.
 - Boardmounts have pre-assembled contacts.

Accessories

Discrimination pins

These take the form of a plastic «contact» which can be inserted into an unfilled contact hole. When the discriminating pin is fitted, the Trim-Trio connector assembly will only mate with an assembly which has a vacant contact hole at the corresponding contact position. When ordering, please quote catalogue number: SMSPKEO.

Applications

The list of QIKMATE applications is endless — from radio and TV to domestic appliances. Many users have already found that the qualities of QIKMATE connectors are ideal — wherever there is a need for reliability at a reasonable price.

Sales and Manufacturing facilities in:
