

**ABBATRON**

MATERIALS-  
LUG: STEEL, TIN FINISH  
BOARD: PHENOLIC

NOTE:

This technical drawing illustrates the ABBATRON component. The front view shows a rectangular housing with a central slot labeled "B" and two circular terminals at the bottom. Dimension "A" indicates the width of the housing as 1.40 DIA. Dimension "B" indicates the height of the central slot as .08x.16. The side view shows the housing thickness as 1/4, the top edge height as 5/8, and the bottom edge height as 7/16. A note specifies "TYP." for the slot width. The top edge has a thickness of .025. Material notes indicate "SEE NOTES" and "HEAT TREAT".

| PART NO. | NO. OF UGGS | DIM. "A" | DIM. "B" |
|----------|-------------|----------|----------|
| 3002     | 2           | 1        | .67      |
| 3003     | 3           | 1-5/16   | .99      |
