Description

The Akyga® AK-SW-04 adapter is used **to charge Huawei smartbands**. Unlike the original version, it has a **10 cm flat cable with a USB connector**. Thanks to this, you can conveniently connect your smartwatch to any charging port, be it in your laptop, AC adapter or powerbank. The only requirements that the current source must meet are the parameters **5 V / 1 A**. In addition, the adapter has **spring-loaded pins** so that you can be sure that your smartband fits perfectly into the contacts, thus ensuring a stable connection during charging.

Fits among others: **Huawei Band 5 Sport, Huawei Band 4 Running and Huawei Band 4e.**
