

Model: **AK-SW-13**

Product code	AK-SW-13
Compatible with	Xiaomi
USB output voltage	5 V / 1 A
Power supply connector	USB
Cable length	20 cm
Product size (L x W x H)	100 x 40 x 12 mm
Package size (L x W x H)	160 x 115 x 13 mm
Net weight	11 g
Gross weight	14 g
CE compatibility	Yes
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720136626
Warranty	24 months

Description

Adapter Akyga® AK-SW-13 has been created for owners of **Xiaomi Mi Band 4**. Often happens to lose something or just damage. Then it turns out to be necessary to buy missing accessories to be able to continue to fully use your equipment. In this situation, a good solution is the AK-SW-13 adapter, which is nothing inferior to the original version of the charger for Xiaomi smartbands. It has a **20 cm cable** with a **USB connector**, which allows you to connect the adapter to any power source equipped with a USB port. This can be either an AC adapter, a powerbank or a computer. The only requirements that the source must meet are the power parameters of 5 V / 700 mA. What's more, the adapter has two **spring-loaded pins**, which ensure that the charging watch will always fit with the right force.
