

Model: **AK-SW-17**

Product code	AK-SW-17
Compatible with	Garmin
USB output voltage	5 V / 1 A
Power supply connector	USB
Cable length	1 m
Data transmission	Yes
Product size (L x W x H)	70 x 70 x 12 mm
Package size (L x W x H)	160 x 115 x 13 mm
Net weight	18 g
Gross weight	21 g
CE compatibility	Yes
RoHS compatibility	Yes
REACH compatibility	Yes
EAN code	5901720136664
Warranty	24 months

Description

Akyga® AK-SW-17 cable is designed to charge **Garmin** smartwatches. The high quality of the components makes it in no way inferior to the original version of the cable. The connector plugs just as easily into the charging socket of the sports watch as the original. However, the long **1 m cable** ended with a **USB plug** allows you to freely choose the source of power. It can be a powerbank while walking, an AC adapter, a laptop or a desktop computer. What's more, the cable also has a **data transfer** function, so you can easily send your favourite track to your smartwatch.

Fits models: Fenix 5, Fenix 6, Vivoactive 3, Vivoactive 4 and Forerunner 935, etc.
