## Description

**Akyga® AK-SW-24 cable** has been created for fast charging of **Fitbit Versa 2** smart watches and is a great replacement of the original charger. The highest quality components used in its production guarantee the durability and reliability of the product. In addition, the smartwatch plugs into the charging socket very easily. This is all thanks to the **hinged walls** of the charger, which protect the smartwatch from accidental damage when connecting it. What's more, the long **1 m cable** is equipped with a **USB-A plug**. It will allow you to freely choose the source of power. Thanks to this, you can easily connect it both to your laptop, desktop computer and AC adapter. And the small dimensions of the charger, allow you to easily transport and use the cable wherever you are.
