# Description

The **Akyga® AK-USB-40 USB-C cable** is a practical accessory that has been fitted with **USB Type C terminals** on both sides. This cable is used for charging small electronic devices such as mobile phones, portable speakers or tablets. To do this, connect it to a charger or computer. The long **1 m cable** ensures convenient use even in hard-to-reach places. In addition, it allows safe and extremely efficient charging of electronic equipment with **60 W** and a maximum current of **3 A**. Thus, it is compatible with chargers with Power Delivery, Quick Charge and other fast charging standards.

The Akyga® AK-USB-40 cable works with devices that have a USB-C input, including the iPad Pro or MacBook Pro. The **symmetrical tip**, which allows even easier charging of devices. Thanks to the axial design of the USB-C connector, it doesn't matter which way you plug the cable into your charger or mobile phone. This is a huge convenience if you can't see the device input. The accessory's light weight and size make it ideal for travel, the office or at home. High-quality components guarantee a long service life and trouble-free operation, as well as the safety of your devices.
