

## ELS2A AC Current Clamp Accessory

The ELS2A is for use with all models of clamp meters. It enables the user of a clamp meter to measure the current on a 2-wire or 3-wire power cord to 15A without having to cut off the plug and separate the conductors, or opening electrical boxes on 120V lines. The ELS2A also includes a 10X current multiplier loop for increased sensitivity and accuracy of low-current measurements.

- Measures current without splitting AC line cords
- Two measurement loops for increased sensitivity, X1 and X10
- Built-in voltage measurement points to check for voltage sags and surges
- Rated for 120V, 15Amps
- One-year warranty

### No hassle warranty

*No waiting.*

*No shipping charges.*

Our commitment to high-quality products and customer service is demonstrated by our industry exclusive "No Hassle" warranty. In the unlikely event that an Amprobe Test Tool requires warranty service, any of our local dealers are authorized to replace it, on the spot.

(note: \$500 MSLP limit)
