

BITNER[®] 2XSLEY-J

Flexible motor connection cables for frequency converters, with improved current carrying capacity, rated 0,6/1 kV

Technical data:

Operating temperature:

Fixed installation: -40°C to 80°C

Flexible connections: -5°C to 80°C

Max. conductor operating temperature:

90°C

Operating voltage: $U_0/U=0,6/1kV$

Test voltage: 4000V

Insulation resistance: > 200MΩxkm

Capacitance:

conductor/conductor = 70 to 250nF/km

conductor/screen = 110 to 410nF/km

Min. bending radius:

Ø < 12 mm - 5xØ

Ø = 12÷20 mm - 7,5xØ

Ø > 20 mm - 10xØ

Construction:

Conductors: bare, annealed copper conductors, multi-stranded class 5 acc. to EN 60228

Insulation: cross-linked polyethylene (XLPE)

Core identification: black, brown, grey, green-yellow

Core arrangement: cores twisted together

Screens: electrostatic screen made of aluminium backed polyester tape and a second screen made of tinned copper wire braid with coverage ≥ 85%

Outer sheath: special PVC, self-extinguishing and flame retardant (as per EN 60332-1)

Outer sheath colour: transparent

Special properties:

- low capacitance
- improved current carrying capacity
- fulfilment of electromagnetic compatibility (EMC) requirements*
- self-extinguishing sheath

***Note:** in order to ensure optimal screen earthing and the fulfilment of electromagnetic compatibility (EMC) requirements of the connection, we recommend using metal glands or a different type of circuit earthing system (360°).

Application:

Cables with special construction, used to supply power to motors from frequency converters while maintaining full electromagnetic compatibility (EMC). The XLPE insulation improves current carrying capacity maintaining at the same time low capacitance in comparison to PVC insulated cables. The cables are suitable for both fixed installation and flexible connections in industrial equipment, process lines, and machines operating in dry and damp rooms.

Cables classified according to **EN 50575 (CPR)**.

Cat. no.	n x mm ²	Outer diameter [mm]	Current-carrying capacity *) [A]	Screen cross section [mm ²]	Approximate cable weight [kg/km]	Cu [kg/km]
