

BMP280 Shuttle Board

GENERAL DESCRIPTION

The Bosch Sensortec BMP280 shuttle-board is a PCB with a BMP280 sensor mounted on it. It allows easy access to the sensors pins via a simple socket. As all Bosch Sensortec sensor shuttle boards have identical footprint, they can be plugged into Bosch Sensortec's advanced development tools (e.g. the Development Board). Of course, the BMP280 shuttle board can also be used for customer's own implementations.

Note: Product photo may differ from real product's appearance.
