

1. DREMEL® EZ SpeedClic™: Detail Abrasive Brushes

471S 472S 473S

DREMEL
SpeedClic

The Detail Abrasive Brushes have very flexible bristles which allow removing the exterior "surface layer" without damaging the base layer below. This makes them ideal for use on irregular surfaces. They are used for deburring, cleaning, finishing, and polishing of detailed parts, and irregular places.

Model	Quantity	Working Ø mm	Shank Ø mm	Grit	Ordernumber	
471S	1	25,0	3,2	36	2615S471JA	8710
472S	1	25,0	3,2	120	2615S472JA	8710
473S	1	25,0	3,2	220	2615S473JA	8710
