

## Flambeau <br> Distinctive Packaging For Quality Brands And Products

## Single Source Solutions ... In Plastic

Flambeau ${ }^{\circledR}$ Inc. is a worldwide industry leader in thermoplastic manufacturing, specializing in both injection and blow molding. Our unique competitive advantage is the ability to offer the largest array of proprietary stock plastic packaging and storage products ... along with countless customization options.

## Consider Flambeau Packaging as Your "Art to Part" Source!

## Our full range of services include:

| - Part design | - Prototyping |
| :--- | :--- |
| - Mold design and fabrication | - Sampling |
| - Manufacturing and assembly | - Custom quoting |

- Various product fulfillment programs

## Flambeau Inc. Profile and History

Flambeau Packaging, a division of Flambeau Inc. has been doing business since 1947. Headquartered in Baraboo, WI, we pride ourselves in being a family owned company. We foster core values such as Family, Integrity, Leadership, Teamwork and Knowledge for the pursuit of Excellence with people who care ... and who are committed to providing you professional service when you need it!

## Customer Service: 1 (800) 344-5716

Our professional customer service associates are eager to help answer questions and solve problems! You can contact us toll free for guidance and great customer care.

We encourage you to examine all we have to offer at our website: flambeaucases.com

Follow us on Facebook, Twitter and Instagram.

## Overiew: Flambeou Copobilities

## Express Servicesm

Offers one unit to single carton quantities of in-stock cases to be shipped within 24 business hours. Qualifying products are marked with a $\Xi$ symbol.

## Special Order / Non-Stock Products

Most products are in-stock and ready to ship, but non-stock products are marked in the catalog as (5) and are available with reasonable lead-times.

## ECO Friendly Products

Flambeau's Packaging Divisions offers 100\% recyclable storage cases and boxes. Ensures customer disposal of product lessens their carbon footprint on the environment \& provides additional value to items. Can be manufactured and made available in most products with production quantities as low as 1,000 pieces.

## Canvas / Soft-Sided Solutions

Now offering canvas bags and cases fully customized to your specifications. Choose your ideal solution in fabric. Minimum quantities apply. (5)

Great for protecting and transporting instruments, equipment, tools, small electronic devices, medical equipment, sports products, and much, much more!

## Overview: Custom Decorating Capabilities

## Hot Stamp Labeling

An economical way to customize with up to three colors. *Injection molded products only

## Engraving

We use lid and base inserts on our stock boxes and cases. This allows you the flexibility to insert a custom engraved company logo and/or design plate on one or both sides. */njection or blow molded products

In-Mold Decorating
High quality, multi-color graphic labeling. The result - better product presentation with guaranteed straight, crisp, clear graphics that are impervious to mos chemicals. *Injection or blow molded products

## Labels

Adhesive-backed labels available and factory supplied. * Injection or blow molded products

## Color Options

Flambeau offers a selection of color resins. Custom blended colors available upon request

## Available Injection Molded Colors:

Available Blow Molded Colors:

| Orange PMS 158C | White PMS 77C | Black PMS 6 C |
| :---: | :---: | :---: |
| Gray <br> PMS 433C | Silver PMS $877 C$ | Blue <br> PMS 307C |
| Red PMS 187C | Yellow PMS 116C | Evergreen PMS 553C |

Available Hot Stamp Foil Colors:

## No Rust With Zerust!

Zerust ${ }^{\circledR}$ has proven to be the absolute best way to protect your equipment against rust and corrosion. Molded into many Flambeau ${ }^{\circledR}$ products, this patented polymer emits a harmless vapor, forming a protective layer around metal surfaces. With the Zerust VCI (Volatile Corrosion Inhibitor) molded directly into the plastic, there is no need for messy VCl cardboard chips that lose their potency when they get wet. All Zerust products will maintain their effectiveness for five years of hassle free, long lasting protection. Look for the Zerust symbol next to those products that feature this revolutionary technology. This is just another innovation from Flambeau ${ }^{\circledR}$... your most trusted source in storage.

## Anti-Tarnish by Flambeau ${ }^{\circledR}$

Provides safe, long-term protective storage for sterling silver items. The patented AntiTarnish additive forms a harmless protective layer around silver surfaces preventing tarnishing for up to five years.

Flambeau Zerust helps to increase efficiency, saves money and, most importantly, protects tools and hardware keeping them operational.

Zerus ${ }^{\circledR}$ is the oldest, most proven effective VCI , (Volatile Corrosion Inhibitor) in the industry!
Flambeau ${ }^{\circledR}$ Zerust ${ }^{\circledR}$ provides a solution to the corrosion problem. It helps to increase efficiency, saves money \& most importantly protects tackle, keeping them operational.

Zerust ${ }^{\circledR}$ Molded Directly Into Product: Flambeau stocks select Super Satchels ${ }^{\text {TM }}$ and Tuff Tainers ${ }^{\circledR}$ with Anti-Tarnish or Zerust molded within the product. Most products incorporating the Anti-Tarnish or Zerust features are available through our Special Order Program and may require certain minimum quantities.

See next page for ordering information for Anti-Tarnish and Zerust Divider Packs. These divider packs provide the same great protection molded in the "divider" for use in Flambeau Super Satchels \&Tuff Tainers.

See (page 100) for more Zerust ${ }^{\oplus}$ accessories!

## Diamondback ${ }^{m "}$-Series Boxes

Styrene
With a slight architectural edge radius \& rounded corners, this box is crystal clear like glass and is excellent for merchandising and general display of products. This box also has small stacking feet to keep displays neater and features an easy open hinge. US Patent D412,786

## Compartmental Box Chart：By Dimensions

With the industry＇s largest selection of sizes and material types you can ex－ pect to find what you need right on our shelf．Yet，even with over 300 stock choices，sometimes we have a request for a unique size or compartment configuration．If so，please let us know．Most of our products can be altered
to accommodate a special material or core（compartment）requirement for your project．Finally，we will accommodate you by building a tool specifically for your project right with our Technologies Tool Group．
To help you find what you need we have added a size reference chart that lists all of Flambeau＇s compartmented boxes from their smallest to largest dimension．

## Cases: Tradesman" and Merchant" Case Options

## |Customization of the Tradesman \& Merchant Case:

Customize your Tradesman or Merchant case with options that include engraving, printing, labeling, die-cut foam and the in-mold labeling process which is nearly indestructible and impervious to chemicals.

Custom Options Enhance Interest
Grab attention with attractive designs and colors that outperform your competitor's packaging. Private label any of our boxes to give your company the edge it deserves!

In-Mold Decorating
Achieve high quality, multi-color graphic labeling. The result - better product presentation with guaranteed straight, crisp, clear graphics impervious to most chemicals. *Injection or blow molded products

## Custom Foam

Merchant ${ }^{\text {tm }}$ cases offer the best solution when foam is the desired choice for protecting and merchandising your products. The shallow lid design in all Merchant cases minimizes the required use of foam, minimizing cost. The Merchant's deep base is excellent for storing multiple contoured parts.

can have a custom foam interior.

## Color Options

Flambeau offers a selection of color resins. Custom blended colors available upon request.

Disinctive Packoging For Qualiy Brands And Products

With flair, style and professional presence, the Infinity is designed to give you a high level of protection with a modern look. It features a natural dust seal, dou-ble-wall protection in the lid and base, is crush resistant and can withstand a 30 pound impact test. The dual latch system provides easy latching with confidence of security even in the harshest conditions and is available in a variety of sizes and depths (see chart on page 62).

## Features:

- Integral or Pin-Hinge
- Locking Hole
- Dual Latch System
- Water and Chemical-Resistant
- Crush-Resistant and Stackable

Double-Wall Protection_

Infinity Pin Hinge

The Infinity lends itself to customization including engraving, printing, labeling, die-cut foam, custom colors and the in-mold labeling/decorating process.

## Coses: The "P" Series: The Pin-Hinge Cose

The "P" Series case is a Flambeau original and has a proven track record in most industries and applications. This is a "pin-hinge" style high-density polyethylene (HDPE) blow molded case. The routed base option is designed to accommodate our standard solid sheet or diced foam and is available in a variety of sizes and depths (see charts on pages 64-65).

## Features:

- Heavy-Duty Latches • Impervious to Most Chemicals / Gasoline
- Double-Wall Protection •Crush-Resistant and Stackable

Double-Wall Protection」

Routed Base

The "P" Series is easily customized through engraving, printing, labeling, custom colors, die-cut foam, molded interiors and in-mold decorating/labeling process (molded into the case) which is nearly indestructible.

See ordering selection and information on next page (64-65)

## Cases: "R" Series Case

The "R" Series case features an integral hinge and latch system. This simple and reliable blow mold case is our most economical case offering. Constructed from high-density polyethylene (HDPE) this case is tough enough for almost any challenge. Available as a double-wall case, or with a routed base to accommodate foam, this case offers maximum protection. A broad range of sizes and depths are available (see charts on pages 66-69).

## Features:

- Integral Hinge and Latch •Crush-Resistant and Stackable - Option: Double-Wall Protection or Routed Base for Foam Insert

* Please note: The "R" Series is production-run only, no stock. See ordering selection and information on pages (66-69)

## Cases: Black Ribbon"

Flambeau offers a product line of water resistant cases available in six sizes! These extremely durable cases feature a metal front cam locking mechanical latch system \& external rubber bumpers for impact absorption, skid resistance, and greater durability. Made of tough, impact-resistant ABS plastic, these cases are available with or without foam, as well as die-cut foam should you require more protection for your valuables. Black Ribbon cases are excellent for outdoor use in demanding environments and are ideal for storing and protecting cell phones, electronic devices, jewelry, small tools, components and more!

## Coses: Secure-Lock" Case

Secure-Lock ${ }^{\text {Tw }}$ is a heavy-duty plastic carrying case with patented locking features designed to safely store and help secure personal valuables. Two of the three configurations feature a "cam-actuated" locking mechanism which locks the case down-while the contents inside remain locked.

## Features:

- Steel hinge pin construction
- Tamper resistant hinge segments
- Patented "Lockdown" features (models 6615LB \& 6620LB)
- Includes 2 keys

Short Axle Lockdown Feature

Tall Axle Lockdown Feature

## Coser:Vision 20"

The Vision 20, combines blow mold and injection mold technologies resulting in an innovative solution for packaging and merchandising! The Vision 20 base is made with double wall blow mold construction. The lid is manufactured with an "ultra-clear" injection mold terpolymer resin. The result is a startling efficient carrying case offering limitless customized options with window-like clarity for interior viewing!

## Features:

- Window-like clarity:
(50900) Lid made of Terpolymer (50901) Lid made of Polypropylene
- 2 Locking points
- Sturdy snap-shut latches
- Customizable interior
- Double wall construction in base
- Convenient carrying handle

Ability to see your valuables inside!

*Dividers come in a pack of 12 with (8) A's and (4) B's. Only the B's properly fit. Please discard the A's or ask customer service for additional " B " dividers.

Reusable shipping containers from Flambeau will help you save money and give you the durability needed to protect your cargo while in transit. Our blow molded mailers feature double-wall construction and are stackable. Offered with our standard convoluted foam, they are designed to protect even the most sensitive cargo. Lids and bases are separate pieces for loading convenience and feature overlapping positive edges to reduce lid movement and provide a natural dust barrier. Lids and bases must be secured for transit. Made of high-density polyethylene (HDPE) our mailers are impervious to most common chemicals and gasoline.

## Features:

- Double-Wall Construction
- Impervious to Most Common Chemicals \& Gasoline
- Crush-Resistant and Stackable

* Express Service (E Symbol) items are for quantities 500 and less.

For greater quantities call customer service: 1-800-344-5716.

## Cases: Blow Molded Trodesman" Cose

Featuring extra thick wall construction, the Blow Molded Tradesman is one of our most durable cases. This high-density polyethylene (HDPE) case is resistant to most common chemicals, gasoline and the harshest conditions. The sleek design includes an integral handle, hinge and latch system.

## Features:

- Extra Thick Wall Construction
- Logo Area for Customization
- Impervious to Most Common Chemicals \& Gasoline

## Satchel Boxes: Deep \& S Sim Super Sothhels ${ }^{\text {m }}$

Used in many industries as a kit for replacement parts or as a salesperson's sidekick, you won't need to worry about being organized. All Super Satchels are made out of "Acid Free" translucent polypropylene, with a positive contact latch system. The Deep Super Satchels are available in one compartment, six
fixed compartments or six fixed compartments with removable dividers. The Slim Super Satchels are available in one compartment or eight fixed compartments and can accommodate up to 40 removable dividers.

Like the Deep and Slim Super Satchels, the Deluxe Super Satchels are made out of "Acid Free" translucent polypropylene, with a positive contact latch system.

T9500 Deluxe Super Satchel ( $\mathrm{L} \times \mathrm{W}$ ):

## Tool Boxes: Ulility Series

Industrial Grade: Flambeau Utility Series boxes are engineered tough. With thick wall construction and interior "l" beam support structures, you can expect the Utility Series boxes to out-perform most any other box! Finally, our heavy-duty cantilever trays are secured by rust-resistant hardware for extra longevity.

## Features:

- Resistant to oil \& common chemicals
- Lockable
- Dent-proof
- Scratch resistant
- Tip-Guard ${ }^{\text {TM }}$ (cantilever trays only)
- Removable Interior Trays

## Blow Molded Small Iool Box

- Lift-out tray sits on a "lip" at the top of the tool box base
- Tray size is larger than bottom dimension of tool box
- Injection molded hardware
- Routed base for more storage space

## Tool Boxes: Utility Boxes with Cantilever Trays

Rugged Utility Boxes featuring Tip-Guard ${ }^{\text {TM }}$ cantilever trays make it easy to organize tools and parts, repair kits, samples or sports equipment in a small space. Manufactured from light-weight copolymer resins that are dent-proof, rust-proof \& scratch-resistant, these Utility Boxes are also resistant to oils and most common chemicals.

Tray Compartments (Inside L x W x D):
A $=14-1 / 4^{\prime \prime} \times 1-7 / 8^{\prime \prime} \times 1-5 / 16^{\prime \prime}(36.20 \times 4.76 \times 3.33 \mathrm{~cm})$,
$B=3-1 / 2^{\prime \prime} \times 3-3 / 16^{\prime \prime} \times 1-5 / 16^{\prime \prime}(8.89 \times 8.10 \times 3.33 \mathrm{~cm})$,
$\mathrm{C}=7.0^{\prime \prime} \times 1-7 / 8^{\prime \prime} \times 1-5 / 16^{\prime \prime}(17.78 \times 4.76 \times 3.33 \mathrm{~cm})$,

## Tool Boxes: Gear Boxes

These Gear Boxes are perfect for Medical Supplies, Safety Equipment, Auto Repair Kits, Test Equipment, Art Supplies, Maintenance \& Repair Supplies, Firearm Supplies and much more. extreme environments

## Features:

- Deep Open Interior
- Gasket in Lid
- Lift-Out Tray
- Snap-Open Lid with Storage
- Cam-Over Latch Design
- Oversized Handle \& Latch
- Tongue-And-Groove Design

## Benefits:

- Accommodates Large, Tall Parts \& Equipment
- Keeps Content Dry \& Protected in Extreme Environments
- Provides Added Strength
- Helps Keep Dust \& Contaminates Out
- Perfect For Storing Small Parts
- Keeps Everything Organized \& At Your Fingertips
- Secures Contents In Main Compartment

## Tool Chests

Flambeau Tool Chests are designed to organize, store and protect precision tools, hardware and small parts. They feature a unique front panel design that allows drawer access when the front panel is down. A unique lock prevents accidental spills and allows the lid and drawers to lift as a unit, providing access to the large lower storage area.

## Features:

- Resistant to most common chemicals, solvents and oils
- Positive-action latches
- Lockable with brass hinges and latch pins
- Large gray interchangeable drawers with adjustable compartment sizes
- Molded in industrial-grade ABS plastic

For Customer Service Inquiries Call: 1 (800) 344-5716

A hybrid between mobile \& stationary storage, these cabinets have interlocking grooves for easy and secure stacking. The IDS ${ }^{\text {TM }}$ system truly gives you mastery over your storage space with (5) IDS translucent cases featuring dividers that can be placed every $1 / 16$ " ( 0.16 cm ) throughout the compartments!

## Features:

- Infinite Divider System ${ }^{\text {Tm }}$ (IDS)
- Resistant to oil \& common chemicals
- Interlocking stackable cabinets
- Dent-proof
- Fully extendable drawers
- Removable cases

Dividers can be placed at $1 / 16^{\prime \prime}(0.16 \mathrm{~cm})$ increments throughout the entire box

Special interlocking grooves on the cabinets allow them to be stacked on top of each other.

## Specialty Storage: Rolling Tote Storage Cabinet

The Rolling Tote is designed for light commercial parts storage and transport. Excellent for storing and transporting hand held tools, MRO items, or single unit storage for multiple uses. Features side extension pull handle with grip and lift out removable tray including lid stays. The large interior storage area, approx. 31" X 20 " provides ample area to organize.

## Features:

- Incudes removable tray
- Padded steel pull handle for easy transport
- Lid can be used as a work surface
- Weight: 23.0 lbs per carton / cu /carton: 6-3/4" (17.14 cm)

The new yellow Zerust® bags are designed to protect and prevent firearms from rusting during storage up to 5 years. Now available in a pistol and rifle size bag, simply place the firearm into the bag and let the protection begin! (See page 4 for more info on Zerust)

## 9"x 12 " Pistol Ierust ${ }^{\circ}$ Bog

## $10 " x 54$ " Rifle Crust ${ }^{0}$ Bog

412502A

412501A

## Specialty Storage: Protective Gun Cases

Protects your guns from bumps and bruises while preventing unwanted trespassers into the case. The guns are blanketed with egg-shell foam, two locking points and piano style hinge to prevent opening during transport.

## Pistol Pack Series

- Contemporary high profile design
- Sliding, lockable latches
- Full egg-shell foam

## Stop Put Gun Plug

Designed to protect valuable firearms up to 5 years from rusting during storage. Simply insert plug into barrel of gun \& let the protection begin!

The Stop Rust Gun Plug fits firearms ranging from . 22 caliber to a 28 gauge shotgun

- Oversized double will accommodate two scoped rifles
- Durable egg-shell foam

## Tactical Series

## Smoll laticiol Cose

Store more in one! The Small Tactical Case, a.k.a. Double Deep case, features a deep, 6" base for extra storage, 4 pad lock holes, 2 tough snap-fit latches and an integral off-set handle for easier transport. Rugged, stackable and extremely durable, this case is suitable for tool storage, camera equipment, firearms, emergency kits, along with many more functions.
Convolute foam option

## Medium Tatical Iose

The only case in the market that features a distinctive 32" length. The Medium Tactical Case can store and protect any valuables featuring a 5 " depth, optional interchangeable divider compartments, 4 tough snap-fit latches and 4 pad lock holes for greater security. Stackable with high impact copolymer polypropylene walls, this rugged case provides durability for the toughest transport.

## Large Iaticiol Cose

- Four locking points for extra security
- Durable egg-shell foam
- Four magazine pockets
- Adjustable strap option
- Integral handle for easy transport
- Mechanical style hinge for added durability

## Linesmon Cose

The New Linesman Case is very unique yet versatile. This 43 inch long case is designed for multiple storage applications---long and deep enough to store and protect everything from fishing rods to small rifles, and everything in-between. The ergonomic offset handle helps balance the heaviest loads during transport. The Linesman Case is built tough with steel pin hinge construction, tough ABS latches, four locking points, and conveniently stacks for optimum storage

## Features:

- Deep 6" base
- 4 Locking points
- Steel pin hinge construction •Tough ABS latches
- Ergonomic off-set handle

Finally a case large enough to hold your firearm collection! Protected with foam, the pistols sit vertically along the 42 inch case with easy access to the grips. The flexible foam allows for any size pistol to fit nicely in the slot. There's even enough room for an extra magazine next to each pistol

## Optional Custom Foam Interiors

 diced foam or die-cut foam to store and protect your valuables (minimum order quantities apply).

## Diced foam interior

## Wateproof Sathels

The new Waterproof Satchels feature a thick durable wall construction with a 360 degree seal for water resistance. Available in two sizes, these satchels feature two locking points for extra security, a rubber over molded handle for easy carry, a recessed lid for extra work space, rust proof steel pin hinge construction, and a durable polycarbonate lid with ribbing design providing extra strength for crush resistance. The open core interior can be custom molded or inserted with die-cut foam to safely store and protect your valuables.

## Features:

- Locking points
- Over mold handle
- Snap-shut latches
- Rubber seal
- Ribbing design for extra strength
- Recessed lid for work space
- Durable polycarbonate lid
- Stacking feature

## |lhe to coreseier

The only family this size that is $100 \%$ waterproof with rubber interior liners, steel pin hinge construction, thick ribbed walls for high impact resistance and an adjustable pressure release valve for airline transit. Available in four popular sizes, these cases are great for photography equipment, flashlight storage, firearm and ammunition storage, electrical equipment, microphone \& audio equipment, video game consoles, along with many more! These waterproof cases offer an extremely competitive choice for demanding applications.

## Features:

- Black latches with blank logo plate
- Thick, ribbed walls for durability
- Snap-Shut latches and thick grip handle
- Waterproof air-tight seal
- Rolling wheels and 3 carry/pull handles
- Airline ready with pressure screw (Models 4213AW and 5213AW only)
- Metal protected latching points

## 

Our medical line is light-weight, rust-proof, scratch and chemical-resistant. Flambeau ${ }^{\circledR}$ medical cases, chests, and instrument boxes are built to last with extra thick walls for long-lasting durability and impact resistance. Used by EMS personnel, first-responders, triage staff \& other respected medical professionals around the globe, our variety of products will meet your needs

## Features:

- Autoclave safe (select items)
- Locking tabs (select items)
- Positive contact cam-over latches
- Thick wall construction
- Rust-proof hinges
- Heavy-duty riveted fold-down handles
- Heavy-duty cantilever stays

## Paramedic Gear Box

## Features:

- Lockable with a heavy-duty large comfort handle
- Top compartment " $U$ " shaped 1" $(2.54 \mathrm{~cm})$ deep
- Positive-touch, double-latch system (top storage area)

## Paromedic Cuse

Our most complete Paramedic cases yet! These cases combine bulk storage with compartments to give you the convenience and flexibility you need.

## Features:

- Includes (4) 6004R, \& (2) T2003 removable Tuff Tainer® boxes*
- Interior slotted to hold an additional (3) removable, T2003 Tuff Tainer boxes

* Tuff Tainers are adjustable compartmented boxes; For dimensions of: T2003 (page 30), T6004 (page 32), T4007E (page 31), T4000 (page 31), \& T1002 (page 30)

## Medical: ScriptSofe ${ }^{\oplus}$ Case

ScriptSafe ${ }^{\circledR}$ is a heavy-duty plastic carrying case with patent locking features designed to safely store and help secure prescription medications. Two of the three configurations feature a "cam-actuated" locking mechanism which locks the case down-while the contents inside remain locked.

## Features:

- Steel hinge pin construction
- Tamper resistant hinge segments
- Patented "Lockdown" features (models 6526MD \& 6527MD)
- Includes 2 keys

Short Axle Lockdown Feature
Patent \# 8695386

## 

A leader in the industry，Flambeau＇s reusable conductive product line significantly reduces electrical resistance and provides an extremely high permanent level of conductivity to dissipate static charge build－up，alleviating electrostatic discharge（ESD）．Our proprietary blend of carbon loaded HDPE materials are a guarantee that Flambeau conductive products will protect the most sensitive equipment and perform in the harshest environment．

## Conductive Cases

Options：
－Clear Conductive Window（Special order styles only）
－Easy part identification without compromise of Faraday Cage protection
－Grounding Snap
－Reduces surface charges so the case can be safely opened without damaging contents
－Antistatic or Conductive Foam
－（Conductive quoted separately）
－（Antistatic included upon request，foam is glued into case）
－Provides physical shock resistance，reduces the potential for static build－up and arc potential due to the low friction coefficient of the foam

## Technical Data：

－Surface Resistivity 1010－1011（ASTM D 257 ／ESD S11．11）
－Static Decay＜2．0 Seconds（MIL－PRF－81705D）

## Features：

－Double－wall Construction－
－ESD Protection Maximum Physical Protection
－Locking Tabs（select items）
－Reusable \＆Stackable
－Secure Positive，Integral Double Latches
－Permanently Anti－Static
