# Check out HANNA
# Checktemps

- **High accuracy**
- **Calibration feature**
- **Pocket dimensions**
- **Simple to use**

## Quick accurate temperature measurement

**Complete with unique calibration check feature, Hanna Checktemps are some of our best selling pocket thermometers.**

**Each model in the range is small, compact and comes complete with the unique Hanna Cal Check to confirm the accuracy of your measurements – time after time.**

**All models are supplied complete with probe, battery and full operating instructions.**

### 100% reassurance with Hanna Cal Check

Hanna's exclusive Cal Check, saves time and brings peace of mind to users in busy catering environments.

In hot kitchens, fast production lines and hectic retail environments, few operators have the time to keep checking the accuracy of their meters.

With the Hanna Cal Check, you can verify the accuracy of your meter in seconds - each and every time it is used.

### Main benefits

- **100% accurate, whatever the viewing angle**
- **Ideal for spot checks**
- **Instant measurement to HACCP requirements**
- **Small, lightweight, easy to clean**

### Ideal for

- **Semi-solids and liquids**
- **Incoming and outgoing goods**
- **Chilled and frozen food**
- **Food preparation and production**
- **Restaurants and outside catering**

Activated by a simple switch, the Cal Check simulates an ice bath of 0.0˚C giving a confirmed base reading from which to test. With a tolerance limit of +/- 0.4˚C, you can be completely confident that your measurements are accurate.

## Specifications

| Product Code | Checktemp (HI 98501) | Checktemp1 (HI 98509) | Checktemp Dip (HI 98509-01) |
|---|---|---|---|
| Range | -50.0 to 150.0°C | -50.0 to 150.0°C | -20 to 100°C |
| Resolution | 0.1°C | 0.1°C | 0.1°C |
| Accuracy | ±0.3°C (-20 to 90°C) ±0.5°C (outside) | ±0.3°C (-20 to 90°C) ±0.5°C (outside) | ±0.3°C (-20 to 90°C) ±0.5°C (outside) |
| Probe | Fixed stainless steel 105 x dia 3 mm | stainless steel probe with 1 m cable | weighted probe with flexible 3m cable |
| Battery Type | 1 x 1.5V | 1 x 1.5V AAA | 1 x 1.5V AAA |
| Battery Life | approx. 3000 hours of continuous use | approx. 3000 hours of continuous use | approx. 3000 hours of continuous use |
| Environment | 0 to 50°C ; RH max 95% | 0 to 50°C ; RH max 95% | 0 to 50°C ; RH max 95% |
| Dimensions | 66 x 50 x 25 mm - meter only | 106 x 58 x 19 mm | 106 x 58 x 19 mm |
| Weight | 50 g | 80 g | 80 g |

### Checktemp

Checktemp offers high accuracy over a wide range.

A compact meter with a direct probe, it is ideal for taking quick-fire temperature measurement in semi-solids and liquids.

- Easy read digital display – whatever the viewing angle
- Simple to use with direct probe

**Easy read digital display**

**Simple to use with direct probe**

**Supplied with**

Penetration probe and protective cap

Battery and instructions

---

### Checktemp1

Checktemp 1 is a high accuracy thermometer with a 1m flexible cable for easy access in hard-to-reach locations.

The sharp-tip stainless steel probe is designed to easily penetrate semi-solid products such as fruit, vegetable and cheese.  It can also be used for taking measurements in liquids, air and frozen materials.

Using a thermistor sensor to deliver high levels of accuracy with speed and efficiency, Checktemp 1 is ideal for routine controls and checking incoming and outgoing goods.

**Sharp-tip probe for easy penetration**

**Fast response in liquids, air, frozen & semi-solids**

**Supplied with**

Penetration probe and cable (integral to meter)

Battery and instructions

---

### Checktemp Dip

Checktemp Dip is a highly accurate thermometer with a wide temperature range of -20˚C to +100˚C.

The stainless steel probe is weighted and attached to a flexible 3m cable, making it ideal for dipping into any vat or tank to measure the temperature at different depths.

Ideal for checking temperature inside wine casks and milk tanks

**Weighted probe to test temperature at different depths**

**Extra long cable for  larger vats and containers**

**Supplied with**

Weighted probe and 3m cable
