HellermannTyton

Specification Sheet

Part Number: TYHC1-33

Handi-Cards have a split backing so that a portion of the liner can be removed to expose the markers for easy dispensing.
Handi-Cards are kitted on the card so that specific markers can be removed without affecting the other markers on the card.

Markers are pre-printed so no additional post printing is required, saving time and money.

Label material is a conformable cloth that ensures markers stay on wires and cables for the life of the application.
